Standard features include kitchens integrated with European- manufactured appliances in addition to fully equipped and tiled bathrooms and en-suites.

THE TOBACCO WAREHOUSE @ STANLEY DOCK

This is Liverpool's long awaited landmark development!

The UNESCO World Heritage site has always held great interest across the Northwest and the whole of the UK and there has probably not been a comparable development in Liverpool since the Colonnades at Albert Dock. It is currently the largest warehouse conversion in the UK.

Phase 1 of Stanley Docks redevelopment comprised the multi-award-winning Titanic Hotel & Rum Warehouse Conference Centre creating a truly unique destination for 'Life, Work & Leisure'.

Phase 2 comprises the redevelopment of the Tobacco Warehouse which is being transformed and nearly complete into two- and three-bedroom, duplex, dual aspect, loft-style apartments, overlooking the historic waterfront. The 14-storey Tobacco Warehouse was at the time of its construction in 1901, reported to be the world's largest building with a floor-area of approx. 15,000 sq.m. (1,614,586 sq.ft.). Its construction used 27 million bricks,

30,000 panes of glass and 8,000 tons of steel.

REGENERATION LOCATION

The development sits at the heart of the North Docks, only a short walk from Liverpool City Centre. The surrounding area is undergoing major regeneration with the Ten Streets and Liverpool Waters masterplan advancing. In addition, the new Everton Stadium is at an advanced stage of development and expected completion for December 2024 and will be the new home of Everton ~Football Club from 2025/2026 football season.

As a result, Tobacco Warehouse & Stanley Dock are already an important uptown district and trendy new area for the City of Liverpool.

Tobacco Warehouse - Phase 1, has a Brand-new secure car park.
